## **Baldock Allotment and Leisure Gardening Association**

Our Shed in Football Close Operates as a Shop.

It is open to members of the Balga and the Baldock Horticultural Society.

Open Sunday 10:00 to 12:00 am.  
3<sup>rd</sup> Sunday in February to 3<sup>rd</sup> Sunday in October

You can join the Balga at the Shed. Membership is £5 per year.

Membership entitles you to use the shop

Benefit from the National Allotment Association Representation and Insurance.

Borrow the Association's Equipment (Rotivator, Strimmer, Spreader)

Order seeds at discount prices.

Obtain Ace of Herts Compost and other materials obtained by the Association (a Contribution to transport costs is required from Members)

**Other Activities**

#	Activity	Comment
1	Equipment Loan	A Rotavator, 2 Strimmers, A Lawn Treatment Spreader are available at the shed for loan to members.
2	Kings Seed Order	Kings Seed Catalogue is available at the Shed or online. Members submit orders and payment for delivery in January / February.
3	"Ace of Herts"	We try and maintain a supply of "Ace of Herts" compost at each of our allotment sites. "Ace of Herts" is the product of processing the contents of the brown bin refuse collection. NHDC supply this material free from their gate (we pay for transport to our sites), We charge 50 p per barrow load payable at the shed or to the site representative.

***Other Activities***

4	Old Scaffold Boards	From time to time a supply of condemned scaffold boards is made available to members at the Clothall Road and North Road Sites. The Boards are sold by length, payment in advance to Phil Charsley. A Board 13 Feet x 9 inches is £4-00 at the time of writing.
5	Wood & Bark Chippings	When donations of Wood and Bark chippings are received these dumped at the allotment sites and are free to members.
6	Self Management	Balga is currently negotiating with North Herts District Council to self manage Allotment sites.

#	Categories of Products Sold
1	<u>Loose Materials</u> We sell materials such as fertilisers, potting material and lawn treatments loose by the pound or as a whole bag.
2	<u>Compost</u> Unlike Category 1 materials, compost is only sold in whole sacks.
3	<u>Feed &amp; Chemicals</u> We stock a limited range of commonly used plant food and chemicals.
4	<u>Pest &amp; Weed Killers</u> A limited range of commonly used pesticides and weed killers are sold in the shop.
5	<u>First Early Seed Potatoes</u> Ordered in August for Delivery in January.
6	<u>Second Early Seed Potatoes</u> Ordered in August for Delivery in January.
7	<u>Main Crop Seed Potatoes</u> Ordered in August for Delivery in January.

#	Categories of Products Sold
8	<u>Protection &amp; Support</u> Bamboo canes and split canes are sold by item. Fleece, ground cover and protective netting is sold by the metre.
9	<u>Sets &amp; Seeds</u> Autumn and Spring sets and commonly used seeds are available in season.
10	<u>Sundries</u> String plant labels and anything else is included in this category.

**5 First Early Seed Potatoes**

#	Variety	Description
5.01	Arran Pilot £2.30 for 3 kg	A traditional favourite producing white fleshed tubers of firm waxy texture and a pleasing flavour. This first early variety is at its most wonderful straight out of the ground and into the pot for use as a salad or new potato. Potato 'Arran Pilot' also shows good resistance to scab. Height and spread: 60cm (24").
5.02	Casablanca £2.50 for 3 kg	A new first early variety producing a tasty crop of attractive, smooth white tubers that are perfect for boiling, with the larger tubers making excellent chips. With good resistance to common scab, blackleg and golden eelworm, Potato 'Casablanca' is set to become a firm favourite on the show bench and in the kitchen. Height and spread: 60cm (24").

**5 First Early Seed Potatoes**

#	Variety	Description
5.03	Lady Christl £2.55 for 3 kg	Quickly became a customer favourite for its good yields of very early, firm, oval, smooth, pale yellow-skinned tubers. The creamy flesh has an excellent flavour as a new potato and remains firm on cooking. This RHS AGM variety bulks up quickly as a first early, or leave it as a second early if larger tubers are required. With good disease resistance, including golden eelworm, Potato 'Lady Christl' is easy to grow and well suited to growing in containers and potato bags. Height and spread: 60cm (24").

### **5 First Early Seed Potatoes**

#	Variety	Description
504	Pentland Javelin £2.35 for 3 kg	A lovely soft waxy-textured new potato with white skins and flesh that is ideal for boiling as a salad or new potato. Potato 'Pentland Javelin' bulks up slightly later than other first early varieties to produce a high yield. This first early variety has good all round disease resistance, particularly to golden eelworm. Height and spread: 60cm (24")
5.05	Red Duke of York £2.30 for 3 kg	A vigorous red sport of Potato 'Duke of York' producing larger, oval, red-skinned tubers with moist yellow flesh of superb flavour. Potato 'Red Duke of York' is a good all rounder and really excellent for roasting. This heritage first early variety also holds an RHS AGM. Height and spread: 60cm (24").

**5 First Early Seed Potatoes**

#	Variety	Description
5.06	Rocket £2.35 for 3 kg	A very early bulking and heavy cropping first early variety producing almost round, white skinned and fleshed tubers. Potato, 'Rocket' has good all round disease resistance including golden eelworm. Easy to grow and quick to produce 'baby new potatoes', Potato 'Rocket' is particular well suited to growing in containers and potato bags. Height and spread: 60cm (24").

**5 First Early Seed Potatoes**

#	Variety	Description
5.07	Swift £2.35 for 3 kg	'Swift' is among the fastest maturing of the first early varieties, being the quickest to produce heavy crops of round, smooth, white-fleshed baby new potatoes, and producing larger tubers than Potato 'Rocket'. Its short bushy habit makes it ideal for containers or potato bags where space is limited. Potato 'Swift' also has partial double eelworm resistance. Height and spread: 60cm (24").
5.08	Vanessa £2.35 for 3 kg	High Yielding Early Red. 'Vanessa' is very like an early 'Desiree' but the tubers tend to be smoother and more suitable for exhibition use. Even the foliage is very 'Desiree' like.

**5 First Early Seed Potatoes**

#	Variety	Description
<b>5.09</b>	Anya Salad £2.35 for 2 kg	The Anya is a Charlotte / Fir Apple Cross. It has a firm texture and knobbly appearance with a slight nutty flavour. It can be enjoyed boiled, roasted or steamed, either hot or cold in salads but also tastes delicious roasted. It mixes well into vegetarian dishes and with green leafy veg.

## 6 Second Early Seed Potatoes

#	Variety	Description
6.01	Estima £2.30 for 3 kg	Estima seed potatoes are commonly the 'baking potato' of choice sold in most supermarkets, and produces heavy crops of large oval tubers with light yellow skin and flesh. Estima potatoes show good resistance to growth cracks and secondary growth, and are one of the most popular potato varieties in the UK.

## 6 Second Early Seed Potatoes

#	Variety	Description
6.02	Kestrel £2.35 for 3 kg	The gardeners' favourite second early variety, producing tubers of consistent size and shape, with attractive, smooth skins and violet eyes. Potato 'Kestrel' shows good slug resistance, Golden eelworm and partial white eelworm resistance. For growing unmarked exhibition quality tubers we recommend using our exhibitor growing bags. Height and spread: 60cm (24").

## 6 Second Early Seed Potatoes

#	Variety	Description
6.03	Maris Peer £2.35 for 3 kg	Favoured by restaurants and gardeners alike. The firm creamy <b>yellow</b> fleshed tubers of Potato 'Maris Peer' retain their colour and have a superb flavour, but won't disintegrate on cooking. This outstanding second early variety also boasts the most attractive, slightly scented purple flowers. Height and spread: 60cm (24").

## 6 Second Early Seed Potatoes

#	Variety	Description
6.04	Nadine £2.35 for 3 kg	Potato 'Nadine' produces exceptionally smooth skinned, rounded tubers with shallow eyes. The creamy flesh has a firm, moist, waxy texture and does not discolour on cooking, making this a useful general purpose potato. This second early variety has double eelworm resistance and high common scab tolerance, and looks superb on the show bench. Height and spread: 60cm (24").
6.05	Wilja £2.35 for 3 kg	In the 1970s 'Wilja' along with 'Estima' changed all the rules about growing second earlies. High yields, good appearance, good boiling qualities and easily managed foliage proved to be more important than disease resistance, white flesh and floury flavour.

## 6 Second Early Seed Potatoes

#	Variety	Description
6.06	Charlotte £2.35 for 3 kg	A very popular second early salad variety producing pear shaped, yellow skinned, waxy tubers and creamy yellow flesh of first class flavour, eaten either hot or cold. Potato 'Charlotte' holds an RHS AGM and is frequently found in the supermarket. Height and spread: 60cm (24").
6.07	Nicola £2.35 for 3 kg	Close grown 'Nicola', 'Charlotte' and 'Maris Peer' have become popular in recent decades to supply the demand for small, firm, waxy salad/ boiling potatoes with flavour. 'Nicola' is yellow fleshed, eelworm resistant and grows long if given space. It used to be blight resistant but recent strains have changed this. Many new varieties are 'designed' for Nicola's niche but usually lack the flavour. Height and spread: 60cm (24").

**7 Main Crop Seed Potatoes**

#	Variety	Description
7.01	<b>Cara £2.35 for 3 kg</b>	Oval-round, pinkish, red-eyed tubers with soft moist flesh that is excellent for baking and chipping. Maincrop potato 'Cara' has excellent disease resistance, including golden eelworm and blight, and withstands drought well. An allotment favourite! Height and spread: 60cm (24").
7.02	<b>Desiree £2.35 for 3 kg</b>	The world's most popular red potato, with pale yellow, firm waxy flesh. This well-loved maincrop potato has particularly good drought resistance. Potato 'Desiree' is versatile for all cooking purposes including roasting and baking. Height and spread: 60cm (24").

## 7 Main Crop Seed Potatoes

#	Variety	Description
7.03	<b>Maris Piper</b> <b>£2.35 for 3 kg</b>	<p>The best chipping variety available, and a versatile 'all rounder'. Potato 'Maris Piper' produces dry, floury tubers with creamy-white flesh of good flavour, that rarely discolours on cooking. This popular purple-flowered maincrop potato is also Golden eelworm resistant. Height and spread: 60cm (24").</p>
7.04	<b>Pentland Crown</b> <b>£2.30 for 3 kg</b>	<p>'Crown' was the first Pentland variety (from Pentlandfield Station, Edinburgh) to have an impact - the varieties came out in alphabetical order. It displaced 'Majestic' as the most common variety in the UK. 'Crown' is robust, drought resistant, disease resistant and very productive - it even produces long stolons to fill adjacent gaps in the row.</p>

**7 Main Crop Seed Potatoes**

#	Variety	Description
7.05	<b>Organic Sarlo Mira £2.35 for 3 kg</b>	This late maincrop variety has it all - unprecedented blight resistance, good slug resistance, vigorous weed suppressing foliage, and it grows well in a wide range of soils. Potato 'Sarlo Mira' produces huge yields of tasty, floury tubers that have a long storage potential. A real all-rounder for all cooking purposes. Height and spread: 60cm (24").
